

ABOUT THIS MAP

THIS MAP REPRESENTS KNOWN AREAS THAT HAVE BEEN BURNED BETWEEN THE YEARS 1885 AND 2015. MULTIPLE DATA SETS WERE DEVELOPED BY THE U.S. FOREST SERVICE AND COMPILED BY THE KALISPEL NATURAL RESOURCES DEPARTMENT.

BURNED AREAS ARE RANDOMLY COLORED USING COLORBLIND-SAFE HUES AND ARE UNIQUE ONLY TO THE YEAR OF THE FIRE, AND ARE ORDERED BY YEAR -- PLACING NEVER FIRES 'ON TOP' OF OLDER FIRES WHERE COINCIDENT. OUTLINES ARE COLOR-MATCHED TO CORRESPONDING BURN AREA TO AID IN IDENTIFYING COMPLETE BURN AREA WHEN AREAS ARE COINCIDENT. FIRE YEARS ARE LABELED WITHIN EACH AREA WHERE PRACTICAL.

THE TRAIL PROJECT BOUNDARY IS OUTLINED IN A RED DASHED LINE
